			8:00-8:45pm Jazz			
7:15-8:00pm Break Dance			8:45-9:15pm Tap			

Ballet

Ballet is considered the basis of all dance techniques. It provides a solid foundation for the aspiring dancer by improving the body's strength, coordination, and flexibility.

Jazz

Jazz provides strong technical training for a dancer, set to upbeat music. Class reinforces many of the same things taught in ballet class, making it beneficial to pair the classes together. Jazz introduces new, modern terminology and movement methods.

Tap

Tap gives the student the unique ability to focus on creating rhythms and sounds. This technique is beneficial early on for reinforcement in counting music, feeling the rhythms, and additional coordination skills. Dances are typically taught to coincide directly with the beat of the music. In the teen and high school classes, rhythm tapping is introduced.

Lyrical

Lyrical provides dancers with an outlet to tell the story of a song through their movements. This stylized class combines the techniques of ballet, jazz, and modern dance. We recommend this class be taken in conjunction with ballet and/or jazz.

Hip Hop

Hip Hop is a fun and exciting class that offers an alternative to ballet and tap. Class includes some elements of jazz technique. Hip hop is very energetic and unique in that it allows dancers to perform with freedom of movement, adding in their own personalities.

Acro

All acrobatic classes follow Hip Hop for the student looking for a combination class. Acrobatic training with tricks such as handstands, cartwheels and rolls. As levels progress, tricks like walkovers and handsprings are introduced.

Break Dance

This form of hip hop dance requires a strong upper body and a willingness to try new and exciting things. Students will learn the basics, while progressing to head spins, back spins, and windmills in higher levels.

*Technique Classes

Technique classes focus strictly on technique including barre, center floor and across floor exercises. These classes do not do a recital dance.

*Stretch, Leaps, and Turns/Acro Technique

Stretch, Leaps, and Turns is a class dedicated solely to those three areas of dance technique. Class is taught from a non-genre specific background, so students will focus on jazz, ballet, and modern.

Private/Semi-Private Lessons

Individual or small group instruction allows students to learn at their own pace and target specific needs. Private and semi-private dance lessons can be taken in any subject and can include coaching on specific skills. Semi-Privates can include up to 3 students.
